In this document are contains instructions and explanations on everything from setting up the device for the first time for users who still didn't understand about basic function of the phone.PDF is a file format designed to present documents consistently across multiple devices and platforms. It was developed by Adobe

1992 and has since become one of the most widely used formats for saving and exchanging documents.It also contains page layout information, which defines the location of each item on the page, as well as the size and shape of the pages in the document. This information is all saved in a standard format, so the document looks the same, no matter what device or program is used to open it. For example, if you save a PDF on a Mac, it will appear the same way in Windows, Android, and iOS.It can store embedded fonts so you do not need to have the appropriate fonts installed to the view the document correctly. PDF documents may also be encrypted so only authorized users can open them.File sizes can be measured in bytes B, kilobytes KB, megabytes MB, gigabytes GB, terabytes TB, and beyond. B For marketing purposes submission of commercial information, newsletters, and so on, simultaneously is made aware by the owner of data processing this privacy notice. Data are inserted in the mailing list of the company and will be used only for advertising and information messages on the services supplied by the company.

The processing of your data will happen only for the purposes indicated above and processed by the person in charge of managing the service. In case of Sky Services Spa employees' personal data, they can be transmitted to the following recipients If needed, the controller, can move the server in a non EU country. In this case, the controller, ensure that the moving to a non EU country will be done in accordance with the applicable law, after the stipulation of standard clauses as required by European Commission. Without the need of an explicit consent art. 6 lett. b and c of the GDPR, the Data Controller will be allowed to communicate your data for the purposes referred to in art. 3.A of this privac notice to Supervisory Bodies such as IVASS, Judicial Authorities, to insurance companies for the provision of insurance services, as well as to those subjects to whom the communication is mandatory by law for the accomplishment of mentioned purposes. These subjects will process data as independent controllers of their processing. 5. Processing manners and retaining period Your data processing will be realized through operations indicated in art. 4 n. 2 GDPR, specifically of collecting, recording, managing, saving, reading, processing, use, interconnection, blocking, communication, erasing and destruction of data. Your personal data will be subject to paper and digital processing, partly automated. The controller will process personal data for the time needed to fulfil the purposes stated above and not for more than 10 years after the end of the relations for the service mission. 6. Data subject rights As data subject, you have the rights as stated in art. 15 GDPRThe right of opposition, stated in the previous point b, to direct marketing purposes through automated modes extend to traditional modes. Data subject can oppose partly too. Therefore, the subject can decide to receive only traditional marketing proposal or receive only automated proposal, or none of the two.

A higher cab, larger radiator core and hydraulic fan drive are all part of this Australian designed package. It's The benchmark for all heavyhaul tractor units. High tensile steel chassis rails offer a straight continuous channel and are custom detailed to suit your needs. Engineering steel, aluminium and fibreglass into one, the cab is one of the lightest and toughest cabs built and its riveted construction is easily repaired, with steel reinforcements in high stress areas. Optimisation of drive train components enables higher durability and lower fuel consumption within the appropriate operating constraints. INTERIOR SUPREME DRIVER COMFORT In a C510, drivers can meet demanding performance levels with the highest standards of comfort. Kenworth cabs are ergonomically designed, roomy and easily maintained. Heavy duty closed cell insulation minimises road noise throughout the cab and all controls, switches and instruments fall easily to hand or eye, optimising driver concentration and minimising fatigue. With a high level of standard equipment and extensive options, the best in driver performance is comfortably achieved. AGILITY SURE FOOTED AGILITY The agility and strength of the C510 has been demonstrated repeatedly throughout Australia in some of the toughest and most testing environments. The front axle is set forward, with integral power steering mounted ahead allowing maximum steering angles, and better weight distribution, on or offroad.
